Purchase of English Review for A-Level Literature Students

Dear Parents/Carers,

One of the best ways in which students can develop the academic skills necessary for success in English Literature AS or A2 is to read widely, and also to read critical material about a range of texts. Hodder Education publish a magazine four times a year with articles and essays about set texts on the A Level courses and other texts which should be of interest to an A-Level Literature student.

The magazine aims to help students gain deeper textual and contextual knowledge as well as the skills to study independently, all of which are crucial to success in this course. In addition, it will help students to understand the academic writing style which they will need to adopt in both coursework and examinations.

The School currently has a subscription to the magazines and they are delivered to the library where students are able to use them for private study. However, we are also able to add individual 'Associated Subscriptions' for any student who may like their own copy to use at home. Current subscription rates are £12.50 for one year, and £20 for two years.

If you would like your son/daughter to have their own copies of this magazine, please return the slip below to the Finance Office with the appropriate money by **Wednesday 8th October 2014**. If financial circumstances make this difficult, please ask your son/daughter to speak to me as there may be funds available to help.

Yours faithfully,

H. Smy
Head of English
