

Key Stage 3

Dear Parent/Carer

At the beginning of this year I would like to give you some information about Food Technology and Textiles.

Food Technology

For Food Technology you son/daughter will require a named apron and appropriate named container for transporting products home. Your son/daughter should expect to cook once a fortnight when doing the Food Technology units and **you will need to provide ingredients for practical cooking activities.**

The school will provide clingfilm, seasoning oil, flour for rolling out and food products for tasting and analysis in the Food Technology lessons.

Textiles

For the textile unit all fabric, threads, paint etc. will be provided by the school.

We are asking for a small contribution of £4.00 to cover the costs of the textiles materials and help us to provide for tasting sessions.

Finally, should your son/daughter have a food allergy please indicate this on the reply slip below. If you have any queries please do not hesitate to contact your child's Food Technology teacher.

Yours Sincerely

Miss R Cornish
