Re. Purchase of revision books for GCSE Mathematics

Dear Parents/Carers,

You will be aware that the Mathematics GCSE has recently changed and that your son/daughter is in the first cohort following this new syllabus. As a result, new revision guides and workbooks have been published and I would strongly recommend that you look to purchase one of each in order to aid your son/daughter in their preparation for next summer's exams.

The books that we would recommend are: -

Maths Revision - Higher – ISBN 9781447988090

Maths Workbook - Higher – ISBN 9781447987932

Maths Revision - Foundation – ISBN 9781447988045

Maths Workbook - Foundation – ISBN 9781447987925

We are following the Edexcel syllabus and the publisher of these books is Pearson.

As a school we receive discounts on these books and can obtain them for £3.50 each.

If you would like to purchase these books through the school, please complete the slip below and return to the finance office along with payment. We would then order either Foundation or Higher books depending on which tier your son/daughter is following.

If you would like copies of these books, but financial circumstances make this difficult, there are funds available to help. Please just ask your child to speak to their Mathematics teacher or to me.

Yours faithfully,

M.Addy

Head of Mathematics

I would like my son/daughter _____ (name) to purchase a copy of the revision guide/
workbook at the cost of £3.50/£7.00 and enclose payment.
