

May 2015

Dear Parent/Carer,

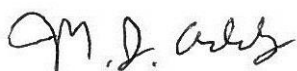

The GCSE mathematics exams this summer take place on **Thursday morning 4th June** and **Monday morning 8th June**.

I am very pleased to inform you we are offering your son/daughter the opportunity to attend two Walking Talking Mocks prior to these two examinations. The first will be on **Wednesday 3rd June from 11.00am - 12.30pm** prior to the non-calculator examination the next day. The second will be on **Friday 5th June 3.00 - 4.40pm** prior to the calculator examination on the Monday. All students who wish to attend these sessions should report to the hall at the times stated above.

This will be an excellent opportunity to work through and analyse a final mock paper and identify any last minute key revision. Please encourage your son/daughter to attend and also to bring along all the equipment (especially a calculator) which they plan to use in the examinations themselves.

We will also offer a mathematics breakfast revision session on **Thursday 4th June at 7.45am** (before the non-calculator exam) and on **Monday 8th June at 7.45am** (before the calculator exam). More details on the breakfast club will follow.

Yours sincerely,

Mr M Addy
Head of Mathematics
