Good News

● **Public Speaking Competition Success**

A year 7 team from Wood Green recently celebrated success at the Youth Speaks competition, organised by the Rotary Club of Witney. The team spoke on the subject of the recent clown crisis. The judges enjoyed their balance of humour and serious tone, their team work and the professional, well-prepared delivery. The students, along with their student coaches have worked very hard each lunch time preparing and rehearsing for the competition and they were all a huge credit to the school. They will go on to compete in the Zone finals against schools from across the county.

● **Wood Green Mock Trial Team are County Champions!**

The Wood Green Mock Trial Team won the Oxfordshire Heat of the Citizenship on Saturday 18th March. This means that the team will now go on to the regional heat on May 13th in Reading, where they will take on teams from the South East region. This dedicated team of would-be lawyers are now hard at work learning their new case and writing their speeches and questions.
