Dear Parents/Carers

Pupil Premium Grant for Adopted Children

Did you know that schools receive additional funding to support children who have been adopted from care, or have been placed on a Special Guardianship or Residence Order? Schools use the Pupil Premium for a variety of initiatives to support students, improve attainment and expand opportunities.

If your child has been adopted from care, or left care on a Special Guardianship or Residence Order (now known as a child arrangements order 4), please let the school know, so that we can claim this valuable additional funding from the government.

This information will be treated in the strictest confidence and will only be used in connection with the Pupil Premium Grant.

Please reply to Mrs Alison Spicer.

Yours sincerely

Mr R Shadbolt
Headteacher
