

March 2016

Dear Parents and Students

As in previous years, we would like to offer an Easter Revision School to all Year 10 students to help them prepare for their Science GCSE exams this summer. There is of course no compulsion for students to attend but students who have attended in the past have said that the sessions were beneficial.

The sessions will run on **Tuesday 29th, Wednesday 30th and Thursday 31st of March** with both morning and afternoon sessions. Morning sessions will run from 10am - 12 noon and afternoon sessions from 12.30pm - 2.30pm. Below is the time table for the three days:

Day	Morning session 10-12am	Afternoon session 12.30-2.30pm
Tuesday	GCSE PHILOSOPHY N15	GCSE PHILOSOPHY N13 GCSE ETHICS N15
Wednesday	GCSE ETHICS N15 C123 Core science revision S6 <i>Science course work</i> catch-up all day	GCSE PHILOSOPHY N15 B123 Core science revision S2 <i>Science course work</i> catch-up all day
Thursday	P123 Core science revision S7 <i>Science course work</i> catch-up all day	<i>Science course work</i> catch-up all day

Students are asked to sign up to the sessions they would like to attend within the department. They will be directed as to where the sheets are by staff.

Students will need to provide their own lunch, snacks and drinks as the Restaurant will not be open.

Students should also ensure that they bring relevant equipment such as pens and a work pad to all sessions and any specific resources to aid their revision, including calculators and revision guides.

All the information in this letter can be found via the school intranet. Please follow the Easter revision link where you will find the timetable attached to this letter and it will also go out as an email.

We look forward to seeing lots of students taking up this opportunity.
