

20th May 2016

Dear Parents/Carers,

I am pleased to tell you that there are two opportunities available this academic year to find out everything that you might want to know about the process of applying to university (UCAS).

Your son/daughter will have a full programme of training here at Wood Green School through our Enrichment sessions on Friday mornings from staff and speakers from many different universities.

The first of these evenings is on Thursday 23rd June. This is to explain the internal process for students to apply to university through Wood Green School. This will take place in the Sixth Form Common Room 6 – 7pm.

The second is a joint sixth form meeting for all parents to be held this year at the Henry Box School on the 12th July 7-8:30pm. A representative of Birmingham University will lead this session.

We very much look forward to seeing you at either or both of these evenings.

Kind Regards

Mrs Carolyn Whiting
Assistant Headteacher/Head of Sixth Form
