

## Exploring Nursing Taster Week 13<sup>th</sup>-17<sup>th</sup> February 2017

Oxford Health's Exploring Nursing Taster Week provides you with the opportunity to learn about the various nursing roles available within the NHS and will be an excellent addition to your university application.

During this week long programme there will be some classroom sessions as well as the opportunity to shadow our staff in both clinical and non-clinical settings during their working day.

Please note that the classroom teaching will take place in Oxford City, the placements will be based throughout Oxfordshire.

This programme is open to students with an interest in pursuing nursing as a career who are currently in year 11 or 12. Our spaces are very limited and we will be selecting students carefully to ensure we are giving this opportunity to the most dedicated future health professionals.

If you would like further information or to register your interest in attending this week please email [careers@oxfordhealth.nhs.uk](mailto:careers@oxfordhealth.nhs.uk)

Whilst we strive to place individuals in their preferred location this is not always possible due to the volume of applications and individuals may be allocated an alternative location.

**Closing date for applications: 11th December 2016**
