YOUNG CARERS

Young carers are children and young people under 18 years old who provide unpaid care to a family member who is physically or mentally ill, disabled or misuses substances.

A young carer may undertake some or all of the following:

- practical tasks such as cooking, housework, shopping
- physical care such as lifting, helping up the stairs and physiotherapy
- personal Care such as dressing, washing and helping someone go to the toilet
- emotional support such as listening, calming someone and being present
- household management such as paying the bills, managing finances and collecting benefits
- looking after siblings such as putting to bed and walking to school
- interpreting for parents with hearing or speech impediments or English as an additional language
- administering medication such as insulin needles and preparing daily tablets.

As a school we appreciate the impact of being a young carer can have on a child, particularly as they move to a new school. Here at Wood Green School we have a member of staff who has responsibility to support young carers and their families through the process of transition and during their time at Wood Green.

To help us to support your child and aspire to the best possible outcome, it would be extremely helpful if you could identify whether your child is a young carer.

Please indicate if your child is a young carer.
