

Dear Parents/Carers,

Higher Education Information Evening 6pm Wednesday 9th June

We would like to remind you of the webinar which Mrs Jones and I will be running on Wednesday 9th June at 6pm. The focus of this will predominantly be on university applications, as well as outlining the training for making applications we are putting in place for students during the course of this academic year. The majority of students do apply for university so this is clearly an important evening. Even for students not certain about applying to university, it is important that they understand the process and undertake this training this term, as the deadlines for applications are early in Year 13.
